

1st GRADE

Mrs. Christine and Sr. Sadia's CLASS

NOTES FROM TEACHER: The past few weeks have been very productive!! We are learning about adjectives and started writing in a journal. We have been comparing and contrasting various animals and habitats. We are working on subtraction and the students understand the

concept well and are able to work independently. Next week they should be ready for a mid chapter test. Every Friday we do experiments, last Friday we tried to fish with string and an ice cube, most children guessed this would not work and they were amazed to catch a ice cube when salt was pored on the string!!! This week we took a poll of how many children liked red, yellow and green apples. Turned out 14 students liked red!
