

Fourth Grade - Soaring to Success

December 22, 2017

Multicultural Fair

Fourth graders did an amazing job in the Multicultural Fair. They learned a lot, and did an amazing presentation!!

Arabic

Book 1: We had vocabulary quiz and a spelling test, learned how to change the verb from masculine form to feminine and how to differentiate between them. We started the workbook exercises and will finish them after the winter break insha'Allah.

Book 4: We had vocabulary quiz and a spelling test, learned the different between the noun sentences and the verbal sentences. We started the workbook exercises and will finish them after the winter break insha'Allah.

We have been practicing for the multicultural fair. My wonderful students made a good effort and learned a lot about Bilad Alsham. I'm so proud of them :)

Upcoming

Spelling test
each Friday

Winter Break:
December 23rd -
January 7th

Have a wonderful winter break.
Respectfully,

Sawsan Mahmoud

Islamic Studies

Assalamu Alaykum

During the last couple of weeks we covered Ikhlas (Sincerity). We discussed how Allah SWT judges the actions of people according to their sincerity.

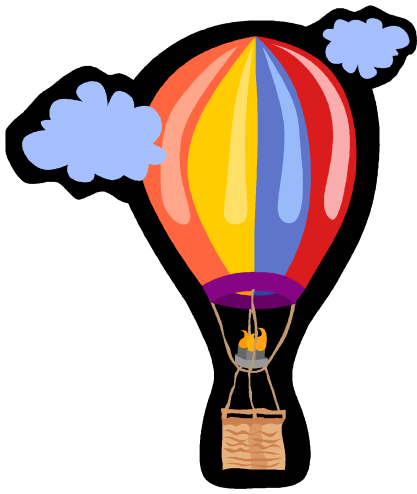

We discussed the acceptance of a person's deeds by Allah depends on purity and sincerity; because it is with such ikhlas that a person can attain a high rank in the sight of Allah.

We also covered the battle of Badr. When and where did the battle take place? What was the result of the battle?

Have a nice winter break!!!

Together We Learn

Mathematics

Fourth graders took a test on double digit multiplication. Many are struggling - partially due to not knowing multiplication facts. I know this has been said a lot, but please have your child practice over break - all 4th graders! Long division is next, after break, and those multiplication facts are needed!

Each morning the students are asked a “challenge task” which is normally a word problem - I have seen great improvement from the beginning of the year.

Language Arts

In language arts we continue to do lots and lots of reading and writing. A few of our fourth graders are very talented creative writers and everyone has shown great improvement in their writing skills. A big thing that they are working on is making their writing appeal to the reader - keep them interested!

Science

Fourth grade students have finished their unit on physical science by completing our study of motion. We will proceed to our next unit life science by starting with chapter 4 on plants and animals. The big question we will examine is what do living organisms need to survive.

Social Studies

This week we have talked about the difference between wants and needs. Students have a greater understanding about things that they think they need and that they are truly not needed, but wanted. Students will use pictures and the computer to make a wants and needs poster.

Quran

Dear parents,

In Quran class:

We covered the following material during the past two weeks:-

Group 1: We practiced Surah Al Muzamil verses (1-10)

Group 2: We practiced Surah Al Quraish

(Memorizing with Tajweed), Please practice these Surahs with your Son/daughter from the Mushaf and using this site

www.houseofquran.com and make sure that she/he will be ready for the weakly test every Wednesday.
