

Grade 5 news

3/16/2018

Math:

Students have been working on Chapter 7: Expressions. This chapter will be counted on the 4th Quarter, due to high absence levels in the past two weeks. If your student is absent, please check the homework page for what they have missed for math class or request their work and pick it up from school. It is very difficult for students to get caught up when they have missed multiple days of school.

Science:

Fifth grade science students are in the midst of their studies on the water cycle and weather. Students have studied the water cycle and various spheres of the planet. We had a chance to conduct an experiment on how salt content can influence the hatching of brine shrimp. In the next few weeks, we will focus on weather and climate.

Social Studies:

Fifth graders continue their study of the early United States. They have been learning about the first presidents, the move of the capital to Washington, D.C. and the Louisiana Purchase. The study also include the start of political parties. Lots of questions, lots of learning! :)

Islamic studies & Qur'an

Dear families Assalamu-alaikum,

During the past couple of weeks, we continued in the unit of Salah our learning about the types of prayers in general and some specific prayers that we do at specific times or for specific reasons, their importance & reward such as Duha & Witr prayers. We talked about the traveler's & sick prayers, and the prayers in bad weather. The students took the exam as well.

Have a nice weekend and if you have any questions or concerns please don't hesitate to contact me at khatib@school.lansingislam.com

Or call me at school (517) 332-3700

Sincerely,

Raghda Khatib
