Islamic Studies:

Dear families Assalamu-alaikum,

During the first week, we continued in the chapter about "Shirk" and discussed its types, danger, and effects. The last quiz given to the students was corrected and handed back to them to be signed for 2 more points of extra credit.

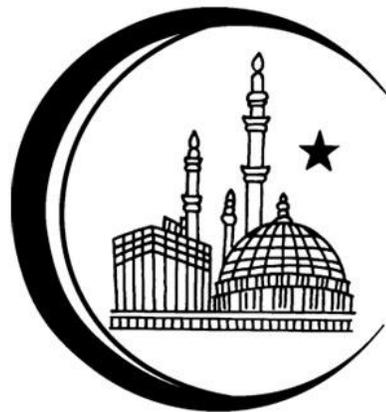

We spent the second week working on the students' presentations of the Islamic multicultural fair project.

Thanks to the parents who attended the presentations for the Islamic multicultural fair, and thanks to all students who worked hard on their research and did great on their presentations.

Have a nice winter break, and if you have any questions or concerns please don't hesitate to contact me at
