Fifth graders continue in their study of the settling of the Americas. We have been learning about the settlement of the New England area: Jamestown and the Massachusetts Bay Colony. The relationship with Native Americans is a focus as is the difficulties faced in the new land. They will have a test coming up soon and need to be reviewing daily. This information is challenging.

Our

Dear

couple

Islamic studies &
'an

families Assalamu-
alaikum,

During the past
of weeks, we

continued in our Islamic

Studies class our learning, in details, of more of the beautiful names of Allah

(swt) and how to practice the belief in their meaning in our daily lives. For every name, each student adds it to the chart so this helps organize the knowledge and thus promotes the practice.

The students took the first quiz in this quarter today.

Thank you to all the parents for coming to the parent teacher conferences. It is your involvement & support that lets your child know how important his/her education is.

Have a nice weekend! And if you have any questions or concerns please don't hesitate to contact me at khatib@school.lansingislam.com
