

Grade 5 news

11/24/2017

Math:

Students have continued working on Chapter 3. We reviewed concepts from the whole chapter this week. Students will take the Chapter 3 Test on Monday, November 27th (when we return from Thanksgiving Break).

Science:

The physical science portion of fifth grade science has concluded and we have now transitioned to the life science portion. We will start off with growth and survival. This chapter deals with how plants and animals grow and change. Students had some hands on experiences with separating mixtures and also with building scale models of an A-frame tent. These activities support the standards dealing with proposing and testing a solution to a problem.

Social Studies:

Fifth graders completed chapter three and took the test. They have learned a lot about the start of this country and will continue to learn a lot more. They also read about several famous explorers and also Benjamin Franklin. Insha Allah they have a nice long weekend and come back eager to learn.

Language Arts (ELA)

This week we read a selection in our Reading Street anthology called "The Ch'i-Lin Purse". We reviewed the following skills:

Comprehension:

- Background Knowledge
- Compare and Contrast

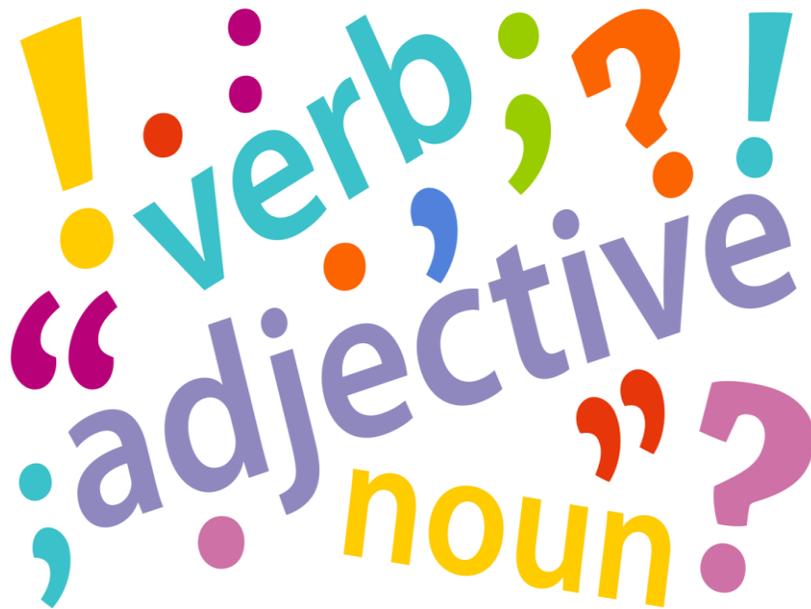

Writing Trait: Organization, Transition Words

Figurative Language: Hyperbole, Personification

Conventions: Action Verbs and Linking Verbs

Thank you for your continued support,

Nicole Mitchell

Islamic studies & Qur 'an

Dear families Assalamu-alaikum,

During the past couple of weeks, we continued and wrapped up, in our Islamic Studies class, our learning in details, about the first set of the beautiful names of Allah (swt) that can be used to describe people with, and how to practice the belief in their meaning in our daily lives. For every name, each student adds it to the chart so this helps organize the knowledge and thus promotes the practice.

We started with the second set of the beautiful names that are only limited for Allah (swt) and can't be used to describe humans, and we followed the same way of discussion as well as filling the chart & giving examples and stories related.

The quiz that the students took was corrected and given back so the students can share with parents, discuss, and sign for two more points of extra credit.

Written instructions and rubrics for the Islamic multicultural fair project were discussed and handed to the students. It is due on December 18 and the presentation is on December 21.

Have a nice long weekend! And if you have any questions or concerns please don't hesitate to contact me at khatib@school.lansingislam.com

Or call me at school (517) 332-3700

Sincerely,

Raghds Khatib

Arabic

Book 1:
the

signal

Language:

Reviewed all
materials for
“in the
learned and
usage of the
nouns and the

pronouns. We wrapped up the week with a test. We will start the new lesson next week inshaAllah.

Book 3: Reviewed all the materials for lesson 3 “what time is it now”, learned and applied the usage of the prepositions and learned how to tell time in Arabic. We wrapped up the week with a test.

Book 5: We reviewed and wrapped up lesson “the Ant and the cricket”, learned and applied the usage of the prepositions in sentences and reviewed changing the singular nouns to dual and plural. We wrapped up the week with a test.

Have a good weekend 😊

Respectfully,
Sawsan Mahmoud
