Islamic Studies, Qur'an & Arabic

Dear Families: Assalamu-alaikum,

During the past couple of weeks, we continued our learning in the chapter about the study of the Qur'an and discussed its significance and how it was recorded. In addition, the students took the first quiz in this quarter.

As for Upper Arabic Class, we continued with the unit our reading & discussion, we covered grammar related, took time to learn the new vocabulary words using Arabic dictionaries to search for the meaning, and discussed the vocabulary list to learn the forms and uses along with the meanings of the words.

In order for this class to be effective, please remind your child to follow instructions, turn in assignments on time, and **practice daily for at least 30 minutes**.
