

November 25h 2017

Asslaamualaikum,
This week children pre-
tended to be earth and
went around the sun on
our circle time carpet.
While going around the
sun children sang a
song, the earth goes
around the sun tra-la-
la--. Children are
learning that the earth
goes around the sun.
That's how we grow
year older.

We also saw how our
planet earth looks

like on our touch
screen computer. Chil-
dren were amazed to
see the picture of
earth and were sur-
prised to learn that
our beautiful planet is
round. Its my privilege
to watch your child
learn while having so
much fun. Children are
playing games and
learning a, b, c sounds
on starfall.com as part
of our morning work
cycle. Alhamdulillah

children are good at tak-
ing turns on computer.

Islamic Studies: This week we continued talking about first pillar of Islam, "Shahada" and watched some Islamic videos on this topic.

EPK Arabic and Quran newsletter

Arabic:

During the past two weeks we continued with all the vocabulary words that we learned and we added to them the names of some animals “duck, bird, cat, dog, cow, horse and sheep”. The students are enjoying the new animal song and especially the part when we imitate the voice of each animal. After the break, we will start learning the colors and shapes in Arabic. I will be using flash cards and we will look around the class for different colors and shapes.

Quran:

We started Surat AL- Kawthar two weeks ago and continued repeating all the suras we learned before.

To encourage your kids to listen and learn more Quran at home, use the website “learn Quran with Zakariya” on YouTube. The kids enjoy listening to it in class.

Please don't hesitate to contact me for any question or concern.

Have a nice long weekend

Respectfully,
Sawsan Mahmoud
