What's Happening in Pre-k ??

As'salam Alaikum, I enjoyed meeting with you all during parent/teacher conferences. If you missed your time, please do not hesitate to contact me to set up another day and time that will work with both of use to discuss your child. Overall, students have been doing very well over this first quarter and I am looking forward to another productive

quarter. We have begun studying the continents of the world. Students have received a lesson on the names of the continents and we are going to further investigate the countries which are located on those continents. We talked about air, land and water: (the elements which planet Earth is composed of.) In math, we concentrated on the num-

bers 5, 6, 7, and 8. In handwriting and language arts, the letters of the week were D and E. Students practiced writing those letters and identified words that begin with those letters as well. In Arabic, students finished letter Baa and will be working on Taa next week.
