

PRE-K NEWSLETTER- October 27th, Edition

As'salam Alaikum,

I hope you have all been doing well. I have been having issues with my computer, so please bear with me as this newsletter may seem very plain looking. ☺

We began Letter of the Week and have concentrated on letters A, B and C so far. In math, we concentrated on the numbers 1-4. Students are practicing how to count and write those numbers. We have been doing many scissor cutting activities. This skill will strengthen their fine motor abilities which will aid your child in writing. We have completed our units in the apple and pumpkin lifecycle. We cut open and explored both apples and a pumpkin. We made applesauce and apple muffins and this past Friday; students enjoyed eating pumpkin pancakes with chocolate chips. Please, keep in mind that next Tuesday, November 7th, there is no school for students due to our parent/teacher conferences. Also, keep in mind that each conference must be limited to 10 minutes. Therefore, please think ahead of what you would like to talk about in regards to your child. This week we will begin letter of the week in Arabic. So far, we have talked about the shapes, colors, and numbers in Arabic.

Best Regards, Zainab Ali

Assalmu Alykum,

We covered the following material:

Quran: We are still working on surah Al-Falaq and reviewing Surah Al-Fatiha, Al Naas every day.

Hadith: We reviewed the hadith we learned since the beginning of the year.

Dua'a: Reviewed what to say before and after eating.

Seerah: We learned about our Prophet Mohammed's (PBUH) his name, his mother's name and his father's name. And story of Prophet Yunus (Pbuh) and the Whale.

Please use the following web site for your students to practice reading Quran

<http://www.houseofquran.com/qsys/quranteacher1.html>

Regards,

Feryal Alqadi
