

Parent Teacher Organization

Asalaam alaykum parents!

The PTO would like to welcome everyone back for another great year at GLIS. We hope everyone enjoyed the popcorn and brownies that were sold last Friday. AlhamduLilah, we were able to raise \$80 through these sales. Thank you for your support, every little bit helps!

New Equipment for our Classrooms

Through your generous support and help, the PTO was able to purchase FOUR new document cameras for some of the classrooms at GLIS. Our goal is to get a document camera in every classroom by the end of this year, Insha Allah.

Document cameras provide a live display of two or three-dimensional objects or documents for students to see projected onto the screen. They replace the older and bulkier projectors, and have more modernized features than a traditional overhead projector.

Please contact us at pto@school.lansingislam.com if you have any questions or feedback you'd like to share! 😊
